John Deere® Powertech Engine Kits

Endurance Power Products is proud to announce the full line availability of parts for the John Deere® Powertech engines.

NOW IN STOCK !!!

Complete overhaul kits and individual component parts are in stock, priced right and ready to ship.

Parts for 2.9L, 4.5L, 6.8L & 8.1L Powertech engines.

RELIANCE
Power Parts

Our Powertech parts are the same quality as our John Deere replacement kits we've been selling for years.

When servicing your John Deere engines don't take chances on no-name replacement. Insist on the best. Insist on Reliance.

Quality - Value - Dependability

IH 400 Series Breather Upgrade Kit

This kit is used to update early engines. The high capacity breather replaces the original block mounted breather. With this breather update, you are able to install the late style wide gap ring cylinder kit.

- Update to the latest style IH 400 Series Piston & Rings
- Kit includes: Breather housing & tube, gasket, baffle & element, bolts

Part# 3400BRTHR

For all your Diesel and Gas engine kit needs - We have it covered.
Endurance Power Products offers over 700 Heavy Duty Engine Kits !!

Keep your cool this summer !

Endurance Power carries a complete line of air conditioning components and parts for Automotive & Heavy Duty applications.

Starters - Alternators - Generators

Endurance Power is proud to be a distributor for Wilson Auto Electric LTD.

Wilson Auto Electric Limited is the largest independent North American manufacturer and re-manufacturer of alternators, starters and electrical component parts for the automotive, agricultural, industrial, heavy duty truck, and marine aftermarkets.

Our extensive **catalogue system** gives you access to over 5,000 different complete unit assemblies and more than 10,000 repair component parts. Complete OEM brand coverage

Endurance Power Products is your single source for all your electrical needs.

Agricultural - Auto & Light Truck - Heavy Duty Highway Trucks

Remanufactured Turbochargers

We have turbochargers available for most makes & models of diesel engines.

Applications covering Caterpillar, Cummins, Detroit, International, John Deere, Komatsu and many more

Endurance Power provides a turbo that your customer will have confidence in, backed by the best warranty in the industry.

Remanufactured parts cost 50% to 70% of new parts. Now you can reduce your cost of turbo replacement and increase your profits.
