Hyper-formance Overhaul Kits for John Deere® Diesel Engines

HYPER-FORMANCE™ overhaul kits for life.

New technology for older engines.

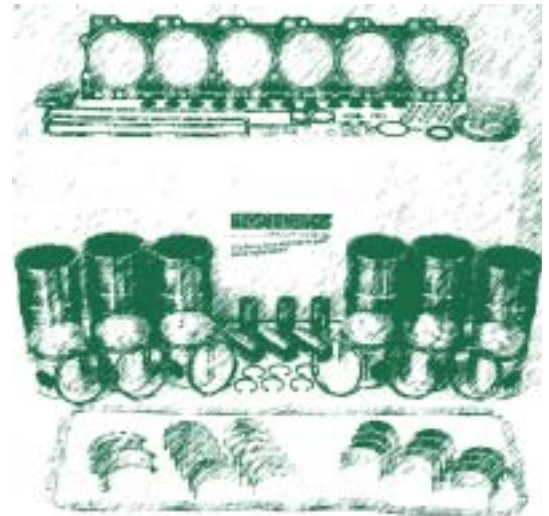

Hyper-formance engine kits are exclusively from Reliance, and are available for the full range of John Deere® 400 Series engines.

Hyper-eutectic refers to aluminum pistons with a silica content exceeding 12%. The result is a piston with superior wear resistance, less thermal expansion and increased thermal barrier properties.

Also, Hyper-formance pistons include a compression enhancement for improved starting.

All Hyper-formance overhaul kits are backed with a 3-year, 5000 hour warranty.

Be sure to ask our salesmen about the Hyper-Formance engine kit for your next overhaul.
