Return Policy Guidelines

To ensure your receipt of credit and to make things go smoothly, please follow these guidelines

Shortages - Errors in Shipment - Damages

- ◆ Examine your order thoroughly. Please notify us as soon as possible of any shortages or damages to your order.

Parts returns

- ◆ All returns must be made within 30 days of the invoice date to receive credit.
- ◆ All returns must be accompanied with a copy of the original invoice or packing slip. Also include any other pertinent paper work
- ◆ Parts and original box must be returned in clean and resalable condition.
- ◆ All returned parts are to be shipped prepaid to Endurance Power Products
- ◆ Carefully repackage parts for return shipment. Due to the abuse packages are subject to when shipped, please ensure proper packing material and carton are used. Parts damaged due to improper packing will not be credited

Example of an engine bearing damaged by improper packaging. Resulting in no credit given for returned parts.

Core returns

- ◆ All core returns must be made within 90 days of the invoice date to receive credit
- ◆ All core returns must be accompanied with a copy of the original invoice or packing slip.
- ◆ All returned cores are to be shipped prepaid to Endurance Power Products
- ◆ Unacceptable cores: All cores are subject to criteria used to establish credit. Cores failing to meet these *will not* be credited. Cores must be suitable for rebuilding. If there is a question about the condition of a core, please ask one of our sales representatives.
