Diesel Injectors - Expanded Inventory - Including ELECTRONIC

We are extensively increasing our inventory of injectors. Additional injectors for many applications are now in stock. Take advantage of great pricing and prompt delivery.

Injectors in stock for Allis, Case, Caterpillar, Cummins, Detroit Diesel, International, John Deere, Ford or Mack.

Endurance Power is your source for diesel fuel injection pumps, and injectors.

- All injectors are manufactured to the highest quality standards and are competitively priced.
- Complete line of injectors for Agricultural, Industrial, and Truck applications.
- We have availability ranging from pencil nozzles up to the newest electronic controlled injectors.
- We take pride in our firm commitment to our customers to always provide superb service and a top quality product at a very competitive price.

Distributor for: **ProDiesel**

New and Remanufactured Turbochargers

We have expanded our in-stock inventory of New and Remanufactured Turbochargers.

We have turbochargers available for most makes & models of diesel engines.

Applications covering Caterpillar, Cummins, Detroit, International, John Deere, Komatsu and many more.

Endurance Power provides a turbo that your customer will have confidence in, backed by the best warranty in the industry.

Remanufactured parts cost 50% to 70% of new parts. Now you can reduce your cost of turbo replacement and increase your profits.

Caterpillar® 3114 / 3116 Engine Parts

IPD innovation leads the way again with the announcement of our patent pending **IPDSteel™** Two-Piece Articulated Cast Pistons for 3114 & 3116 Caterpillar Diesel engines. These pistons are available as:

- Piston Kits (includes Crown, Skirt, Ring Set, Pin & Retainers) for use in most Truck, Industrial and many marine applications.
- In-Frame Overhaul Kits (includes Piston Kits, Rod & Main Bearings and an IPD 1-2-3™ In-Frame Gasket Set) for rebuilding Truck engines in-frame.
- Out-of-Frame Overhaul Kits (includes Piston Kits, Rod & Main Bearings and an IPD 1-2-3™ Out-of-Frame Gasket Set) for complete Truck engine overhaul.

Exclusive to IPD, 0.50mm (.020") oversize pistons and rings are available for many applications! You can in many cases reduce costs by boring to our exclusive oversize as an option to costly sleeving operations.

Applications covered by the **IPDSteel™** and IPD Aluminum Pistons product lines include:

- On-highway Truck
- Industrial & Off-highway Equipment
- Marine Engines

Included in the IPD product line are many items designed to help you lower overhaul costs, including:

- Complete line of Valve Train Products including Valves, Springs, Seats, Locks.
- Many On and Off Highway Gasket Sets, both IPD 1-2-3™ style and OEM Multiple style sets.
- Engine Bearings and Bushings including Cam and Connecting Rod Bushings.
